

# **T7. THE NATIONAL PROGRAM FOR UNRELATED STEM CELLS TRANSPLANT – PRESENT AND PERSPECTIVES.**

***Aurora Dragomirișteanu***

Romanian National Registry of Hematopoietic Stem Cell  
Voluntary Donors (NRHSCVD)

This document sets out the NRHSCVD Strategic Plan for 2013-2014. The plan is based on the consultation of the Scientific Council of NRHSCVD, staff consultation network of healthcare facilities that performing activities coordinated by NRHSCVD (HSC Donor Centers, HLA Laboratories, Collection centers and Transplant centers HSC).

It is aimed at implementing the NRHSCVD Mission and Vision, in compliance with standards and policy of World Marrow Donor Association (WMDA) (<http://worldmarrow.org/>), which envisages:

- 1) To assure efficient provision of the hematopoietic progenitor cells for patients in need of a stem cell transplantation and to undertake the intervention in one of the Transplant Centres in the country.
- 2) To increase public and professional awareness of donation of hematopoietic stem cells as means to help patients;
- 3) To implement the international quality standards and procedures through education and studies;
- 3) To develop the governance structure for effective and accountable implementation of the mission and;
- 4) To maximize the available resources.

Present situation and the actual results after the first 6 months of implementation, difficulties identified and lessons learned were taken into account to determine future prospects for achieving the targets.
